

# HANDS-ON PERIO COURSE

22nd NOVEMBER 2024

**WITH DR. RAJAN NANSI - SPECIALIST PERIODONTIST**

Suitable for Dentists, Dental Therapists and Dental Hygienists

6.5 Hours of CPD

**\* BOOK BEFORE SEPT 30 and bring a colleague for HALF PRICE \***

Join us for this one day event on November 22nd, 2024 at the Belfry Hotel in Royal Sutton Coldfield, North Warwickshire, where we will discuss patient communication and implementing the S3 Guidelines within treatment planning along with a hands-on Perio Workshop.

**VENUE:** The Belfry Hotel and Resort,  
Lichfield Road, Sutton Coldfield  
B76 9PR

**DATE:** 22 November 2024

**TIME:** 9am - 5pm

**COST:** £99

**EARLY BIRD OFFER:** Book before Sept 30th  
and bring a colleague for HALF PRICE

**AIMS:**

To enhance confidence and competency in communicating periodontal disease diagnosis, staging, and treatment needs with patients and the dental team. This will be achieved through the application of S3 guidelines and advanced instrumentation techniques, leading to improved treatment planning, patient adherence, and treatment outcomes in daily dental practice.

**LEARNING OUTCOMES:**

By the end of the course, delegates will:

- Have explored and practiced effective communication strategies to discuss a patient's periodontal status, prognosis and treatment options, and the importance of adherence to treatment with both the patient and dental team members.
- Be able to confidently create and implement treatment plans for patients with periodontitis, using S3 guidelines to guide clinical decisions, while knowing when specialist referral is warranted.
- Understand the different treatment options a periodontal specialist may offer, equipping delegates to clearly explain the rationale for referrals and specialist care to patients.
- Have developed/gained hands-on experience with powered instrumentation techniques, with an emphasis on correct tip selection and comparisons to traditional methods, ensuring they can apply these skills effectively in practice for the treatment and maintenance of periodontal disease, including Minimally Invasive Non-Surgical Therapy (MINST).

**GDC Learning outcomes A, B & C**

Rajan is a registered Specialist in Periodontics based in the East Midlands and Past President of the British Society of Periodontology and Implant Dentistry (BSP). He works in dedicated referral practice in Leicester, Nottingham and Derby, where he provides a comprehensive range of non-surgical and surgical periodontal treatments for the management of periodontal and peri-implant disease.

Rajan has served on BSP Council and the Scientific Affairs committee of the European Federation of Periodontology. He is on the BSP Faculty, their East Midlands Representative and an educator on the Periocourses team. Rajan was also involved as a BSP workshop participant during the development of the S3 guidelines for the treatment of periodontitis and prevention and treatment of peri-implant diseases.
